## Arizona State Plan on Aging 2019 – 2022

- The fastest growing age group in the U.S. is people over age 85, and the second fastest is people 100 and over (centenarians). Experts predict a twelvefold increase in centenarians by the year 2060, and that a 10-year-old child alive today has a 50% chance of living to be over 100 <a href="https://www.courier-journal.com">www.courier-journal.com</a> health > 2022/05/26
- Approximately 61 percent of the total population resides in Maricopa County.
- Over 225,000 individuals over the age of 65 years old approximately 20 percent live in rural areas of the state.

## Arizona State Plan on Aging 2019 – 2022

- There are 31 Veterans Administration facilities in Arizona. Veterans live throughout the state, but the greatest concentrations are found in Maricopa, Pima, Yavapai, Pinal and Mohave Counties.
- 24.9 percent of Arizonans aged 65 to 74 years of age reported having a disability; for those aged 75 years and older the number doubled to 48 percent.
- By 2030 there will be as many people over 60 years of age living in Arizona as there are children under the age of 17.
